---

Hello Parents/Guardians,

I want to welcome you and your children to the new Inspire Kids Center (IKC). I am so excited that you have shown interest in our center! If you have not yet done so, please schedule a tour of our facility by calling or sending a tour request through our website at [www.Inspirekidsva.org](http://www.Inspirekidsva.org). I am eager to meet you and answer any questions that you might have.

I want you to feel as comfortable as possible with your decision to place your children in our care. Having been a working parent myself, I understand the concerns that you have and the emotions that go along with making this tough decision.

When you entrust your child in our care, it will be the beginning of a new partnership between the IKC staff, you, and your child. We desire that each child feel valued and have a sense of belonging. To achieve this, the staff will strive to get to know them individually: what they like and dislike, what their talents are, what makes them get excited and feel happy. With this understanding, we will point your child toward activities that support who they were created to be.

As a mother and former educator, I understand the importance for all children to have the tools they need to succeed in school and life. For this reason, we plan to have monthly themes centered around character traits that will spur them on to success. For example, *confidence* will be the theme for the month of September. Having confidence will be reinforced through role play, age-appropriate stories, and games. From time to time, we will send home tools for you to use to reinforce these traits as well.

This is just a glimpse into how the IKC will care for your child. Please do not hesitate to reach out to me with any questions that you might have.

Sincerely,

Robin Luther  
Inspire Kids Center, Director
